Office of the Governor

MICHELLE LUJAN GRISHAM

My Fellow New Mexicans,

Meaningful change is never easy, especially when it challenges the status quo in pursuing progress for all. Since 2019, we've embraced every opportunity to improve the lives of New Mexicans. One of the most powerful tools at our disposal is the state budget, and year after year, we've ensured it delivers meaningful results for you.

Over the past few years, we have maximized the historic fiscal windfall by investing every dollar into programs, services, and solutions that benefit all New Mexicans. At the same time, we've made prudent investments to ensure immediate and long-term benefits for future generations.

My Executive Budget Recommendation builds on the success we've achieved while boldly investing in innovative solutions that support our children, strengthen families, enhance schools, back our local businesses, and uplift communities. Together, we can foster opportunities that ensure lasting progress and prosperity for every resident of our state.

This year's budget provides strategic investments in infrastructure, clean energy transition, and an expansion to early childhood services, making a more affordable and accessible healthcare system. Additionally, we are tackling housing challenges by providing down payment assistance programs and addressing the growing homelessness crisis.

The total FY26 budget will put \$33.14 billion to work for New Mexicans while keeping our reserves at reasonable and responsible 30%. I look forward to working with the Legislature to ensure the vital investments outlined in this budget are realized and put to work for the benefit of all in our great state.

Sincerely,

A handwritten signature in black ink that reads "Michelle Lujan Grisham".

Gov. Michelle Lujan Grisham

BUDGET NARRATIVE

Infrastructure

New Mexico's communities require a broad range of infrastructure investments to thrive. For FY26, this administration proposes the most significant investments in infrastructure, transportation, broadband, and clean energy initiatives in decades. Our plan would help communities upgrade transportation infrastructure, implement the 50-Year Water Action Plan, continue bold progress in clean energy, and strengthen broadband infrastructure to ensure long-term reliability and connectivity. These investments will lay the foundation for a stronger, more sustainable future for all New Mexicans. In total, the executive recommendation and capital outlay forecast represent a targeted investment of over \$1.7 billion to modernize our infrastructure, the backbone of thriving communities.

TRANSPORTATION

The transportation package encompasses a wide range of initiatives, including maintenance, construction, airport improvements, beautification projects, the expansion of the electric vehicle charging infrastructure network, and equipment upgrades. This budget provides a request of \$200 million in severance tax bonds for road construction, and \$6 million in capital outlay to the General Services Department and Department of Workforce Solutions for fleet conversion to clean vehicles.

healthcare access, and overall quality of life. For FY26, we propose a one-time appropriation of \$70 million to fund the Accelerate ConnectNM Program and support satellite connectivity to meet near-term needs while fiber projects are constructed. This investment will ensure robust infrastructure and equitable access to high-speed internet across the state.

50-YEAR WATER ACTION PLAN IMPLEMENTATION

As New Mexicans grapple with growing water scarcity and new challenges to our existing resources, we are committed to securing a sustainable future by delivering clean, reliable water to communities. Including capital funding for state agencies, the executive is seeking over \$200 million to implement the 50-Year Water Action Plan (50YWAP). For FY26, the executive recommends \$28.7 million for the aquifer mapping and monitoring program at the New Mexico Institute of Mining and Technology, along with \$10 million to the Department of Agriculture to support and encourage sustainable water-conservation technologies and practices in agriculture. The recommendation also includes a \$35 million special appropriation to the Office of the State Engineer for Indian water rights settlements. The goal of these and other water funding recommendations is to advance the implementation of the 50YWAP.

In FY25, we introduced New Mexico to the groundbreaking Strategic Water Supply initiative. For FY26, we propose a \$75 million investment to establish this program, underscoring our commitment to sustainable resource management and the transition to renewable energy. This innovative effort addresses the water needs essential for clean energy production and storage, and the manufacturing of electric vehicles, microchips, solar panels, and wind turbines. This investment will bolster New Mexico's position at the forefront of the clean energy economy without putting further strain on our freshwater resources.

Additionally, we recommend \$20 million to expand state-level investment in geothermal projects across New Mexico, fostering clean energy innovation and tapping into the state's vast geothermal potential to support sustainable energy solutions for future generations.

CAPITAL OUTLAY FORECAST

Our FY26 capital outlay request invests public funds to strengthen key initiatives, boost the economy, enhance education, preserve natural resources, and improve public safety, elevating the quality of life for all New Mexicans. Capital investments include \$300 million in Severance Tax Bond (STB) capacity, \$850 million in General Fund capacity, and \$68.5 million in requests from other funding sources.

In FY25, we established the Infrastructure Planning and Development Division within the Department of Finance and Administration. This division supports local and state entities by helping them identify and secure funding from state and federal sources. For FY26, we recommend funding this division at \$2.3 million to ensure New Mexico has the entire dedicated team needed to lead our state’s infrastructure efforts and ensure capital outlay projects move in a timely manner. This division will also oversee the New Mexico Match Fund, which, in FY25, leveraged over \$200 million in federal funding at a 1 to 4 state-to-federal leveraged dollars ratio. For FY26, we recommend \$110 million to build on this success.

Constituent Voices

“The recent fires and floods that impacted the Village of Ruidoso were devastating, but the state infrastructure funds awarded to us by the state, alongside the New Mexico Match Funds, played a crucial role in both our recovery and the restoration of essential public works projects throughout the Village. These funds have been indispensable to our local economy, ensuring the continuation of critical services and infrastructure improvements. We are deeply grateful to the State of New Mexico for its support, and we are confident that these resources will continue to fuel our growth and resilience for many years to come.”

Early Childhood

New Mexico continues to lead the nation in early childhood care and development through our comprehensive and innovative programs and services. For FY26, we aim to build on this legacy with a robust funding package for the Early Childhood Education and Care Department, further supporting our youngest learners and their families while building on our groundbreaking cradle to career approach to education in New Mexico.

The Early Childhood Education and Care Trust Fund represents a transformative, long-term investment in the health, education, and well-being of New Mexico's youngest children. For FY26, the executive recommends tapping \$430.5 million, a \$180.5 million increase for programs and services at the Early Childhood Education and Care Department. This expansion includes \$3 million for Tribal community support programs, \$10 million for Family, Infant, Toddler provider rate increases, \$4.7 million for the Medicaid state match for home visiting. We also recommend \$96.5 million to serve 5,100 additional children in the childcare program, focusing on the need for quality infant and toddler services. The executive also recommends an increase of \$33.2 million in Early Childhood Trust Fund revenues and \$12 million in Land Grant Permanent Fund revenues for a total of \$45.2 million for up to 2,700 additional prekindergarten slots, with specific attention given to early pre-kindergarteners.

We will also add to the foundation of the Early Childhood Education and Care Department's work with \$17.2 million from

the Land Grant Permanent Fund, including \$5.2 million to support 2,000 families through home visiting provider expansions, continue transitioning home visiting to Medicaid-reimbursable models and increase provider rates.

Further, the executive recommends \$104.6 million in total funding to launch a pilot program for transforming childcare quality across New Mexico. This investment focuses on improving teacher-child ratios to ensure more individualized attention and support for children by reducing group sizes for children ages 0-5 and fostering safer, more nurturing environments that enhance learning and development at licensed childcare centers and registered care providers.

Constituent Voices

“I hesitated to have another child after my firstborn because I knew we couldn’t really afford it, primarily due to the high cost of child care. The anxiety of not knowing how we would cover our family’s basic expenses, with child care taking up two-thirds of our salaries, was overwhelming. My husband and I are both professionals who give back to the community—he works with homeless veterans, and I am an early childhood educator. When I applied for assistance again, I didn’t think we would qualify, but I received a call that same week confirming our eligibility under the expanded child care assistance program. Thanks to this expansion, we now qualify and can use the money we save to work toward buying a home, saving for our kids’ education, or even just building a family emergency fund.”

Education

K-12

From the beginning, this administration has been dedicated to creating a cradle-to-career education system that prioritizes students and families while addressing systemic barriers with meaningful and lasting solutions. Our commitment to student success yields a path from birth to college to career readiness. The FY26 education funding recommendation builds on what's working, while investing in measures to create better opportunities for students.

LITERACY

Reading is the cornerstone of student success, unlocking critical thinking, lifelong learning, and countless opportunities. Since FY20, this administration has supported over \$100 million of investments to advance evidence-based approaches to address low literacy rates. To build on students' success in enhancing reading scores, we recommend \$14 million in recurring funds to the Public Education Department to continue training elementary educators in the science of reading, \$5 million to expand structured literacy professional development into secondary schools, and \$30 million to support a second year of the summer reading intervention program.

CLASSROOM TIME

Chronic absenteeism, missing more than ten percent of school days, grew 119 percent in New Mexico from 2019-2020 to the 2022-23 school year. This administration will continue to fund

programs that help all students, including those who struggle to attend the appropriate number of days. In FY26, the executive recommends \$18 million from the Government Results and Opportunity fund for expenditure over the next three fiscal years, \$6 million per year, for targeted attendance improvement interventions.

Additionally, we must provide opportunities for students to continue to learn during breaks and time away from the classroom. Therefore, we recommend a \$15 million special appropriation for out-of-school learning, summer enrichment, and tutoring.

UNIVERSAL FREE MEALS

Last year marked the first full year of the universal free meals program, with participation reaching 41 percent for breakfast and 59 percent for lunch for all students. Over the past year, the program served a total of 22.7 million breakfasts and 32.5 million lunches throughout New Mexico. Students learn better when they are nourished and fed properly. For FY26, we recommend \$50.7 million in recurring funds to support the growth in participation and meal rates.

By investing in these critical initiatives, this administration reaffirms its commitment to reducing barriers, supporting educators, and ensuring every student in New Mexico has the tools and opportunities needed to thrive.

TEACHERS

Before this administration's commitment to fairly compensating New Mexico's educators for their essential work, teacher salaries ranked among the lowest in the nation. Thanks to our efforts, the average teacher salary rose to \$66,237 a year, propelling New Mexico's national ranking to 22nd. In FY26, employees of K-12 public school and higher education institutions will receive a 3% across-the-board raise. Moreover, we recommend allocating \$20 million to the Educator Fellowship Program to offer aspiring teachers hands-on classroom experience as they work toward earning their teaching degree. This effort will be complemented by a \$225 thousand recurring increase for higher education institutions for teacher pipeline initiatives. We remain committed to strengthening the educator pipeline and ensuring teachers are compensated fairly for their vital contributions.

HIGHER EDUCATION

For FY26, the overall higher education recommendation includes \$1.4 billion in recurring general fund appropriations to the Higher Education Department and New Mexico higher education institutions, which includes \$146 million for the Opportunity Scholarship.

While enrollment of first-year college students dropped nationwide in 2024, New Mexico has had a nearly ten percent increase in freshmen enrollment. This administration's willingness to bet on students by covering tuition and required fees through the Opportunity Scholarship is paving a path for New Mexico residents to pursue career training certificates, associate degrees, and bachelor degrees at New Mexico public colleges and universities at little cost.

Our higher education funding package also continues the investment in greater educational opportunities for students of all ages. New Mexico's adult education program ranks among the top 25 nationwide for learning outcomes. To build on this success, we recommend a \$3 million increase for adult education and a \$2 million increase for adult literacy under the Higher Education Department. Additionally, we recommend a \$10 million special appropriation for Dual Credit so high school students can get a jump start on their college learning.

For FY26, we will use targeted investments in healthcare and medical education to strengthen both education and public health across New Mexico. This includes \$4 million for the Office of Substance Abuse to expand access to effective clinical programs and enhance provider training statewide, and \$2 million for the College of Population Health to improve health equity and achieve sustainable communities. Additionally, we recommend \$3 million for a New Mexico College of Osteopathic Medicine outreach program to spark greater interest in healthcare careers within the state. To further support medical education, we propose \$25 million to boost the UNM School of Medicine faculty endowment and an additional \$25 million for student recruitment and retention efforts.

Constituent Voices

"I am deeply honored to share how the New Mexico Opportunity Scholarship has transformed not just my life, but also the life of my child. As a single parent, my journey has been far from easy. Statistically, the odds were stacked against me. Single mothers often face immense financial hardships and limited opportunities for advancement. I worried about how I could break the cycle and provide a better future for my child.

This scholarship became the turning point I so desperately needed. It wasn't just financial assistance; it was a message that someone believed in my potential and was willing to invest in me. With the help of this scholarship, I was able to return to school and pursue my degree without the constant stress of choosing between paying for tuition or providing for my child. Through late nights studying after bedtime stories, and early mornings preparing for class before making breakfast, I've learned the true meaning of resilience. Today, I stand proud as a student in the Transportation Technology program and will be ready to step into a career that not only allows me to support my family but also demonstrates to my child what perseverance and hope can achieve.

This scholarship has done more than just help me earn a degree, it has allowed me to become the role model my child deserves. From the bottom of my heart, thank you for giving me the tools to build a better future for myself and my family. I promise to pay this gift forward and continue to break barriers, one step at a time."

-Lynda Ramos

Health Care, Behavioral Health & Child Well-Being

HEALTH CARE

In FY25, we established the New Mexico Health Care Authority to build on this administration's progress in expanding access to affordable, high-quality healthcare. In FY26, the Health Care Authority will launch a significant Medicaid expansion to ensure even more New Mexicans receive the care they need. This year's recommendation puts the health needs of our aging population at the forefront.

The executive recommends \$13 million in recurring funds to provide rate increases up to 150 percent of Medicare rates, \$5.3 million for the Program of All-Inclusive Care for the Elderly (PACE), \$2.5 million for Assisted Living Facilities rates and \$2.9 million to raise behavioral health rates for non-Medicare equivalents.

Additionally, we recommend expanding Medicaid programs with \$30 million per year for three years in Government Results and Opportunity funding. This funding includes \$3.6 million for medical respite for the homeless, \$13.5 million for food support for pregnant members with co-morbidities, \$3.2 million for housing and food capacity-building infrastructure, \$5.9 million for medical services for justice-involved individuals and \$4 million for justice-involved capacity-building infrastructure.

AGING AND LONG-TERM SERVICES

The executive recommends \$5 million in recurring funds for New Medicare to provide financial assistance to caregivers, helping elderly individuals remain in their homes and communities. We recommend a \$9.5 million special appropriation for the Kiki Saavedra Senior Dignity Fund to support high-priority services for New Mexico's seniors, including transportation, food security, healthcare, case management, and caregiving. This investment reflects a commitment to strengthening community-based care and fostering environments where seniors can age with dignity, surrounded by their loved ones and familiar settings.

BEHAVIORAL HEALTH

Expanding behavioral health services has been a consistent priority for this administration. We have established sustainable funding frameworks to support the essential behavioral health programs New Mexico relies on. For FY26, we will continue our work throughout executive agencies with a \$100 million special appropriation for behavioral health expansion initiatives. Additionally, the behavioral health package includes \$9 million in nonrecurring funds to continue the 988 program that helps New Mexicans in emotional crisis or with mental health or substance use concerns, a \$3.4 million special appropriation to the Health Care Authority to secure federal matching funds for the Certified Community Behavioral Health Clinic initiative, a \$4 million recurring increase for expanded drug and alcohol treatment services at the New Mexico Behavioral Health Institute and \$6.8 million in recurring funding to the Corrections Department for medical and behavioral health providers, ensuring comprehensive healthcare for inmates.

CHILD WELL-BEING

The FY26 recommendation strengthens proactive support for children and families through the Children, Youth and Families Department. We will provide \$3.6 million in recurring funds for additional caseworkers and investigators and support to enhance response times, ensure thorough follow-throughs, and provide ongoing support to children and families in need. The executive also supports an additional \$3.2 million in recurring

“Thanks to the Rural Healthcare Delivery Fund investment, the Border Area Mental Health Services/Southwest Counseling Center (SWCC) was able to expand our services of personalized therapy, medication management, and psychiatric rehabilitation services. The \$614,825 grant allowed us to add a bilingual Psychiatric Nurse Practitioner and two other staff members. We also re-opened our Deming location and expanded into Hidalgo County, giving us five locations to serve more than 2,600 people in Doña Ana, Luna, Cibola and Grant counties. Using a hybrid service model of in-person, telemedicine, and phone consultations, SWCC ensures accessibility for rural communities, enabling 1,450 additional patient encounters while eliminating barriers like transportation. This expansion reflects HCA’s dedication to fostering strong community partnerships, enhancing workforce strategies, and improving mental health care access across the region.”

Housing & Homelessness

Despite record investments in housing, housing affordability remains one of the most pressing issues in our state. There is no single way to address the shortage of affordable housing but continuing down a path that has led to record increases in rent, home prices, and homelessness is not an option. The state has the potential to address housing and homelessness through individual agencies, but a siloed approach limits our impact. The New Mexico Office of Housing will implement the state's new strategic initiatives to bring down the cost of housing and create more housing opportunities while supporting local governments in addressing homelessness and fixing housing shortages. In FY26, we recommend \$2 million for the New Mexico Office of Housing to continue its work.

The FY26 housing package introduces two transformative initiatives: \$50 million for a new down payment assistance program to build 1,000 new affordable homes for first-time buyers currently priced out of homeownership. We also recommend \$50 million for innovative approaches to address homelessness and housing insecurity. This funding will support new evidence-based programs that include prevention, shelter, case management, and long-term housing assistance all delivered within a framework focused on outcomes. Coupled with a strengthened focus on data, goal setting, and thorough evaluation, these investments reflect our commitment to addressing housing system challenges and will start turning the tide on housing unaffordability that impacts far too many New Mexicans.

“As the Director of Social Services, for the City of Española, I have seen firsthand the transformative effect that state funding has had on the City of Española’s Social Services Department. The funding from New Mexico has allowed us to enhance the services we provide to our community, from supporting low-income families to offering referrals for critical mental health services, medically assisted treatment and transitional housing services. With this financial support, we have been able to improve access to food, transitional housing, and essential resources for those who need it most. In particular, our community’s most vulnerable—children, seniors, and those facing hardship, such as the unhoused—have benefited immensely from these programs. The funding helps the City of Española Social Services Department by creating more direct outreach programs, support for projects including transitional homes that offer immense support to the client along with ensuring that the department has the resources to respond to crises quickly and effectively. My department is deeply grateful for this continued support, which not only assists the program but enables the idea to expand and adapt to the growing needs of the community. Thanks to New Mexico’s commitment to City of Española Social Services, the department is able to provide its residents with the care, dignity, and opportunities they deserve.”

Public Safety

Throughout 2024, this administration hosted public safety town halls across New Mexico, listening closely to the concerns of residents. One thing is clear, New Mexicans expect the state to take action. We remain committed to investing significant resources to build communities where everyone can feel safe.

ORGANIZED CRIME COMMISSION

In 2024, the Organized Crime Commission is yielding successful operations throughout the state. Through coordinated efforts with state and federal agencies, we rescued over 200 migrants, dismantled dangerous gangs, destroyed 160,000 pounds of illegal cannabis, and shut down a dispensary linked to cartel activity. To support this vital work, we recommend \$4.5 million for the Second District Attorney's Office to lead these efforts, along with an additional \$2 million in recurring funding for investigations and prosecutions.

DISASTER RECOVERY

Communities across the state have endured historic fires and devastating floods. We must provide state resources to leverage federal funding, ensuring these areas are rebuilt stronger and more resilient than ever. The executive recommends creating a \$100 million disaster loan recovery fund for this effort. The recovery loans assist qualified political subdivisions to bridge the financial gap before receiving FEMA Public Assistance reimbursement.

“The Bernalillo County District Attorney’s Office handles more than 16,000 criminal cases each year, demonstrating our commitment to justice. With funding from the state, we have made significant strides in recruiting and retaining staff, which allowed us to build stronger cases. In just two years, we convicted more than 250 people of murder. Special Agents with the DA’s office, in partnership with other law enforcement, have utilized state funding for outstanding felony warrant enforcement throughout the state. Through this program, law enforcement in Bernalillo County have arrested more than 1,900 individuals with felony warrants. Additionally, utilizing new retail crime laws, our office is prosecuting more than 900 shoplifting related cases.

With the revival of the Governor’s Organized Crime Commission, our office has also played a key role in supporting intelligence operations targeting criminal organizations. These efforts have led to the rescue of over 200 people, the dismantling of dangerous gangs, the destruction of 160,000 pounds of illegal cannabis, and the closure of a dispensary connected to cartel activity. We remain grateful for the continued support and partnership with the state in advancing these vital public safety initiatives and for the shared vision that drives our collaborative efforts.”

Economic Development

As New Mexico attracts businesses from around the globe, we must pursue initiatives and incentives to ensure our state remains a premier destination for economic growth and investment. This means preparing development-ready sites to support economic growth and sustain this momentum. For FY26, we propose \$24 million in GRO funding for the Economic Development Department's Site Readiness Program. Additionally, we recommend \$20 million in nonrecurring funding for the Local Economic Development Act (LEDA) program to assist in expanding or relocating businesses that are Qualified Entities, stimulating economic development and producing public benefit. To further enhance our state's appeal, we also recommend a \$2 million special fund for a statewide beautification campaign, making New Mexico an even more attractive place to live, work, and invest.

Since 2019, we have been actively diversifying our economy by investing in emerging industries like outdoor recreation, expanding tourism, and exploring opportunities beyond traditional sectors to foster a more resilient and sustainable economic future. To break down barriers and ensure equitable access to the outdoors, we propose \$2.5 million in nonrecurring spending for the Outdoor Equity Fund at the Economic Development Department. This initiative will empower underrepresented communities, foster a sense of connection to our state's natural resources, and inspire future generations to engage with New Mexico's unique outdoor heritage. To continue building on our success in tourism, we recommend \$16 million for national and

international marketing and advertising campaigns to showcase New Mexico’s culture, history, and landscapes to a global audience. Additionally, \$2.5 million is proposed to celebrate the Route 66 Centennial, a once-in-a-lifetime opportunity to draw visitors, boost local economies, and honor an iconic part of New Mexico’s identity. Together, these investments reflect our commitment to creating a thriving, inclusive, and competitive economy.

Finally, we eagerly anticipate a thoughtful and responsible tax package from the Legislative Tax Committees that prioritizes the well-being of New Mexican families and businesses, fostering economic stability and growth across our state.

Constituent Voices

“The New Mexico Economic Development Department’s Outdoor Equity Fund supports Impact Outdoors as we create outdoor conservation minded leadership for years to come. When our youth take pride in the resources they engage with, they also take pride in their community. Impact Outdoors is achieving goals through our relationship with the state Outdoor Recreation Division and its Outdoor Equity Fund.”

1. Estimated transfers to TSR from excess oil and gas emergency tax revenues in excess of the rolling five-year average.

2. Laws 2020, Chapter 3 (HB83) established that if reserve balances exceed 25 percent of recurring appropriations the excess oil and gas emergency tax revenue in excess of the rolling five-year average be distributed to the Early Childhood Trust Fund.

3. Laws 2020, HB341 transfers a portion of the balance in the Tax Stabilization Reserve (TSR) if the General Fund Operating Reserve is less than one percent of aggregate appropriations. The amount transferred is equal to the lesser of the one percent of appropriations or the amount necessary so that the balance in the Operating Reserve is one percent of percent aggregate appropriations.

4. Laws of 2023, appropriated \$50 million from the operating reserve to the appropriation contingency fund in FY23.

5. 2021 Second Special session appropriated \$1.069 billion of ARPA funds to appropriation contingency fund. Remaining unearned federal funds in suspense account are \$54.5 million in FY23.

6. Laws 2024, HB196 stipulates that when operating reserve fund hits 8 percent of the prior budget year's recurring appropriations, the excess must be transferred to the government results and opportunity (GRO) expendable trust. Under prior law, the excess funds were transferred from the operating reserve to the tax stabilization reserve. Because the bill did not have an effective date, it becomes effective May 15, 2024 - 90 days after the legislature adjourns.

7. Laws 2024, SB116 removes the Tobacco Settlement Permanent Fund from reserves in FY25.

¹ Statutory capacity is estimated to be \$1,060.7 million annually. Per HB 253 (2024), the State Board of Finance shall issue an amount that will maintain stable debt metrics, including debt per capita and debt as a percentage of personal income. The State Board of Finance has calculated the "capped" debt capacity to be \$385 million annually.

² Per HB 253 (2024), SBOF shall distribute any cash savings resulting from reduced long-term bond issuance (also known as debt service savings) annually to the newly established Capital Development and Reserve Fund. Based on statutory capacity of \$1,060.7 million and capped capacity of \$385 million, average annual debt service savings are estimated to total \$81.64 million, which is applied for 10 years, compounding each year in which debt service savings are realized. This analysis assumes savings will be realized each year. Additionally, on January 1 of each year, a distribution from the Capital Development Reserve fund will be made to the Capital Development Program Fund for small project and design and engineering appropriation.

Appendix C: Fiscal Year 2026 Exempt Salary Plan

Introduction

Pursuant to the provisions of NMSA 1978 section 10-9-5 (A), Public officers and public employees; executive branch; annual exempt salaries plan, the Department of Finance and Administration shall prepare, by December 1 of each year, an exempt salaries plan for the Governor's approval. The plan shall specify salary ranges for the following public officer and public employee positions of the executive branch of government:

1. Members of boards and commissions appointed by the Governor;
2. Heads of agencies or departments appointed by the Governor;
3. Heads of agencies or departments appointed by the respective boards and commissions of the agencies;
4. Directors of department divisions;
5. Employees of the Governor's office;
6. Positions in the state militia and the commissioned officers of the New Mexico state police division of the department of public safety;
7. Assistants and secretaries in the offices of each official covered by Paragraphs (2), (3), and (10) of this subsection;
8. Positions of a professional or scientific nature which are temporary in nature;
9. State employees whose positions the personnel board has classified as policy-making positions and exempt employees of elected public officials; and
10. Secretaries of departments appointed by the Governor.

The exempt salaries plan for the ensuing fiscal year, as prepared by the Department of Finance and Administration and approved by the Governor, shall be published as a part of the Executive budget document presented to the legislature at its next regular session following the preparation of the plan.

Upon the Governor's approval, the plan shall take effect at the beginning of the subsequent fiscal year.
